SloanLED[®]
Leaders in LED Technology

Bordering on brilliance.

ColorLINE neon-inspired LED-based rigid tubing system adds stunning neon-like appeal and increased awareness to any building. Completely assembled and sealed tubes are ready for installation, and offer our brightest tubing light output, innovative lit, mitered corners, and now come in Classic and Standard colors.

- **NEW** Classic colors retain hue in daytime
- Standard colors revert to neutral, frosted white when non-illuminated
- Slim profile similar to standard neon
- High impact acrylic: UV stable, hydrocarbon insensitive, and non-fading
- Convenient, weatherproof connectors between sections
- Product can be cut to custom lengths in the field

We're on the front lines.

For over 20 years, SloanLED has been the industry leader in border tube specification, offering the industry's broadest mix of LED signage and architectural lighting solutions, designed to provide even illumination, easy installation, low maintenance, and exceptional ROI.

Our true colors shine through.

Successful relationships are built and maintained on trust and reliability, which is why SloanLED border tube products and power supplies are backed by our 5 year product warranty. From industry-leading customer care to full layout services and a bill of materials per location, we're your partner every step of the way.

Classic appeal.

New Classic colors—**Ruby Red, Citrus Orange, Noviol Gold, Emerald Green, and Bromo Blue**—retain their hue in the daytime and add the glitz of neon nostalgia while still delivering the high-efficiency, long life, and dependability you've come to expect from SloanLED.

There's no substitute for quality.

Other LED manufacturers use cheaper components and maximize the potential brightness of their products at the expense of longevity; overdriving the LEDs for instant gratification while sacrificing sustainability and endurance. SloanLED uses the highest caliber components in order to offer you a superior product with the longest lifespan.
