Is your low-cost channel letter solution "good enough"?

Expect more.

Low-cost channel letter solutions are common today, but not all low-cost channel letter modules are created equal. **VL4** is the next generation, everyday LED lighting solution for illuminating a wide range of sign and display applications. VL4 shatters expectations with prism lens technology for an ultra-wide radiation pattern, an impressive light output of 637 lumens per meter (High Output 6500 K), continuous-release liner for faster installation, and a lifetime rating of over 54,000 hours*—delivering both value and performance in a solution that stands the test of time.

- Innovative CRL technology (Continuous Release Liner) for fast, efficient installation
- Three module sizes available in a range of whites plus red, green, and blue
- Ideal for the full range of sign and display applications 50 mm (2")+ deep
- Industry-leading 10-year parts and 5-year labor assistance warranty

It's time to expect more from your low-cost channel letter lighting solution.
